PROFILE

I am running a real homelab: a physical server on Proxmox VE, available 24/7 and reachable only through a Tailscale VPN. It hosts my Active Directory, networking (VLANs, OPNsense, pfSense, site-to-site IPsec VPN) and monitoring (Grafana, Loki) labs. Founder of TechService & Assistance (IT support, hardware setup, showcase websites). Seeking a work-study contract at Bachelor's level (year 3) in infrastructure, systems, networks, cloud or security, in Toulouse or Montpellier, starting September 2027.

TECHNICAL SKILLS

Systems: Windows Server, Active Directory, DNS, DHCP, GPO, PowerShell
Virtualization & containers: Proxmox VE, virtual machines, Docker
Networking: VLAN, trunking, site-to-site IPsec VPN, Tailscale
Security: OPNsense, pfSense, firewalling, network segmentation, remote access with no exposed port
Monitoring: Grafana, Loki, Syslog (centralized logging)
Services: Nginx, Caddy, PostgreSQL, Redis

TECHNICAL PROJECTS

- **Proxmox homelab.** HP ProLiant ML150 G6 (25 GB RAM) in a secured, access-controlled room. Virtualized services reachable only through Tailscale VPN, with no port exposed to the Internet. Result: a 24/7 platform supporting the projects below.
- **Active Directory lab.** Windows Server, Active Directory, DNS, DHCP, GPO, PowerShell.
- **Network & security.** OPNsense, pfSense, VLANs, trunking, IPsec: segmentation, firewall filtering, site-to-site VPN.
- **Monitoring & logging.** Grafana, Loki, Syslog: log centralization and infrastructure monitoring.
- **Docker services.** Docker, Nginx, reverse proxy, and service hosting
- **In progress:** Active Directory redundancy, DHCP failover, multi-site architecture, service continuity.

EXPERIENCE

- **TechService & Assistance**, founder, Apr 2026 – present: home IT support, hardware setup, showcase websites for individuals and small businesses (tech-sa.fr).
- **Waste Collector (Ripeur), Canet**, Jul–Aug 2026: Household waste collection during the summer season (high volume)
- **Burger King, Rivesaltes**, Jul–Aug 2025: fast-food crew (orders, cash register, dining room).
- **Grape harvest, Rivesaltes**, Aug 2024.

EDUCATION

- BTS SIO, Systems & Networks option (2-year higher-education diploma), Lycée Jean Lurçat, Perpignan, France 2025–2027 (in progress).
- French general Baccalauréat (Mathematics, Computer Science), 2022–2025.

CERTIFICATIONS & TRAINING

ANSSI SecNumacadémie · EBIOS Risk Manager (introduction) · CNIL GDPR (certificate) · Pix Advanced · In progress: Cisco Networking Academy.
